

Ed Roos early 1900's cedar chest. In past moves the legs were removed and put back on after move. This move legs were not removed and irreparably damaged. Value of this cedar chest around \$650 +.

4 Patio chairs bend because of packing inefficiently.

2014 Tohatsu Motor – has less than 40 hours of usage and is valued at \$2500. Was poorly handled in move and not only has broken parts but was stored upside down where oil leaked all over other moving boxes
