<b>Totals</b>	<b>HKD12,193.70</b>	<b>HKD0.00</b>	<b>HKD12,193.70</b>

## Shipping charge includes:

- **A Starter Pack:** we deliver your Starter Pack and any other packing materials you've requested directly to your door, including: 1 x measuring tape (3m), 1 x tape dispenser, 1 x roll of packing tape, 1 x box cutter knife, 1 x black marker pen and 3 x floor sheets (one for each MoveCube® size that you can lay flat and use as a guide to see how much they can fit.)
- **Pre-notified time slots for each trip you book:** we give you advance notice of when we'll deliver your MoveCube®(s) for loading, please see our "Available Days" table below.
- **A trolley is loaned to you:** to help you move your belongings and boxes into the MoveCube®(s)
- **Assisted loading,** our driver is an "extra pair of hands" to load from you into the MoveCube®(s). This is to support you, but you remain responsible for loading. If you want further assistance, please arrange for a local domestic mover to pack up and move the items into the MoveCube®, this is not a service we offer and will be your cost. Our driver must always stay with his vehicle; he cannot enter a building and leave his vehicle unattended. Please ensure there is sufficient parking space for our driver to park and load in a safe manner.
- **Allocated times for loading – see below** our driver's day is scheduled with arrival time, departure times and time spent loading. Our driver will have other jobs scheduled before and after your own, we ask that you respect the time allocated and prevent our other customers having their jobs delayed.
- **FREE storage for 2 weeks,** before shipping overseas. If you want to extend the storage period before shipping, the charge is HKD380.31 per week, including local taxes, payable in advance.  
Please note: part of a week is treated as a full week, for example, if you wish storage for a period of 3 weeks + 2 days = 4 chargeable weeks.
- **International shipping to United Kingdom:** Your shipment is packed into a maritime container at our depot, loaded onto a container ship which delivers the container to United Kingdom where it is unloaded. The container is then delivered and unpacked at our depot and your shipment is inspected, which can include being opened. Once inspected, your shipment is cleared by Customs and, if required, the environmental agency in United Kingdom.  
International shipping is not a courier service, there will be pauses between each step listed above which can be as much as 3-4 weeks. This is normal and included in our Transit time at the top of this quote.
- **A guaranteed price freeze** (see below for more details).
- **No hidden charges** (see below for more details).
- **This quote is issued by Seven Seas Worldwide (Hong Kong) Ltd,** for Seven Seas Worldwide®. It's valid until 01/03/2025.
- **Size Variance Disclaimer,** All mass-produced items, such as cardboard boxes or plastic sheets, have slight variances. While we provide dimensions in good faith, there may be small differences between individual units.

## Shipping charge DOES NOT include:

- **Our driver lifting any individual item weighing over 30kg/66lbs,** your assistance will be required
- **Professionally packing contents** into your boxes, bags or suitcases
- **Additional packaging** suggested during loading
- **Multiple deliver or collection trips** in addition to those stated on the quote.
- **Modular furniture disassembly** for loading
